NOTES OF EXPLANATIONS AND ELABORATION RELATING TO THE FINANCIAL STATEMENTS

The numbered notes that follow relate directly to the content of the Financial Statements above and are numbered accordingly.

1 General Information – Reporting Entity

The financial statements are for the Ministry of Foreign Affairs, a public sector entity of the Government of Liberia. The financial statements encompass the reporting entity as specified in the relevant legislation (Public Finance Act 2009). An Act of the National Legislature established the Ministry of Foreign Affairs on December 31, 1971, with a mandate to formulate, interpret, and articulate the foreign policy objectives of the Government of Liberia. It is responsible for conducting Liberia's relations with other nations and international organizations, protecting and advancing the nation's economic, political, and commercial interests abroad, and rendering services to Liberians abroad and foreigners who want to travel to Liberia.

The Financial Statements presented above reflect the Cash Receipts and Payments of the Ministry of Foreign Affairs for the financial period ended 30th June 2025 based on amounts of money received by, held in, or paid out by the Ministry of Foreign Affairs during the period under review. The Ministry of Foreign Affairs controls its bank accounts.

Information to be provided on Donor Funded Projects included in the Financial Statements.

The principal address of the reporting entity is:

Ministry of Foreign Affairs Capitol Hill, Monrovia, Liberia.

2 Accounting Policies:

These are the specific principles, bases, conventions, rules and practices adopted by the Government of the Republic of Liberia in preparing and presenting the financial statements. The principal accounting policies adopted in the preparation of the financial statements therein are set out below.

(a) Basis of preparation:

These financial statements have been prepared per the requirements of the Public Financial Management Act of 2009 and consistently comply with the Cash Basis International Public Sector Accounting Standard (Cash Basis IPSAS): Financial Reporting under the Cash Basis of Accounting. The measurement basis applied is the historical cost basis, except where otherwise stated in the accounting policies below. The accounting policies adopted have been consistently used throughout this report.

(b) Reporting currency and translation of foreign currencies

(i) Functional and presentation (or reporting) currency

The Republic of Liberia operates a dual currency regime comprising the Liberian Dollar (LD) and the United States of America Dollar (US\$) both of which are legal tenders. The attendant Financial Regulations to the PFM Act of 2009 states that:

"The monetary unit of Liberia for all government agency accounting and financial reporting shall be the Liberian Dollar. The United States Dollars **may** also be used for financial reporting purposes, but the Liberian Dollar is the base currency."

Hence, for the purpose of the Financial Statements being submitted, the United States Dollar is used as the reporting currency, which is permitted under the attendant Financial Regulations to the PFM Act of 2009 and adopted by the Government of Liberia as its reporting currency.

(ii) Translation of transactions in foreign currency

Foreign currency transactions and transactions in Liberian Dollar and other foreign currencies are translated into United States Dollar using the exchange rates prevailing at the dates of the transactions. Closing monetary balances are translated into the reporting currency using the closing rates. Foreign exchange gains and losses resulting from the settlement of such transactions and the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of financial performance.

The period-end (30th June 2025) exchange rate for the Liberian Dollar was **199.14 LD** per 1 USD.

(c) Reporting Period

The reporting period for these financial statements is the annual of the Government financial period, which runs from April 1, 2025, to June 30, 2025.
